- Left the last meeting with a few comments to be revised in the MMA Resolutions for reassurance that the financials were reflected and we needed to ensure that we have approval from the Authorizer to move forward. Matthew with CSC replied back that the language has been used with 800 charter schools over 14 years and cannot be revised.
- MMA received confirmation from the Authorizer that stated that the school has the discretion to move forward with making the decision. There is nothing stated in the MMA Charter Application that prohibits the school from moving forward.
- V. Ragland- the Finance and Governance committees would like to review the contract in full to ensure that the contractual language is the same as discussed during the board meeting.

(a)All meetings of any governing body are declared to be public meetings open to the public at all times, except as provided by the Constitution of Tennessee... (ii) The provisions of this subdivision (b)(1)(E) shall not be construed to require the disclosure of a trade secret or proprietary information held or used by an association or nonprofit corporation to which this chapter applies. In the event a trade secret or proprietary information is required to be discussed in an open meeting, the association or nonprofit corporation may conduct an executive session to discuss such trade secret or proprietary information; provided that a notice of the executive session is included in the agenda for such meeting. (iii)As used in this subdivision (b) (1) (E): (a)"Proprietary information" means rating information, plans, or proposals; actuarial information; specifications for specific services provided; and any other similar commercial or financial information used in making or deliberating toward a decision by employees, agents or the board of directors of such association or corporation; and which if known to a person or entity outside the association or corporation would give such person or entity an advantage or an opportunity to gain an advantage over the association or corporation when providing or bidding to provide the same or similar services to local governments; and (b)"Trade secret" means the whole or any portion or phrase of any scientific or technical information, design, process, procedure, formula or improvement which is secret and of value.
